No danger

Caution

Swimming prohibited

THE BLUE FLAG AND THE QUALITY OF THE SEA

Tavernes de la Vallidigna has this year obtained the insignia of the Blue Flag for its beaches. This means that it fulfils the criteria regarding the quality of the bathing water; the cleanness of the beach, health service, security and it offers information activities as well as environmental education.

This also implies that the quality of the bathing water is controlled regularly analysing the three types of bacteria. Such water is analysed weekly during the summer season.

The Blue Flag is a campaign developed by the FEE, constituted by approximately 50 Non governmental organisations (NGO's). Each organization member of the FEE, ADEAC in Spain develops the Blue Flag Campaign in a participating State.

AS A BEACH USER YOU CAN HELP THE BLUE FLAG

- Follow the indications of the beach crew
- Respect the local nature and limit the use of water, electricity and fuel.
- Help us with your suggestions in order to maintain a desirable level of environmental quality.
- THANK YOU FOR YOUR COLLABORATION.
